“Our leagues are for fun and all teams should play with that in mind and maintain a high level of sportsmanship. The team captains can discuss any disputed calls only. Please re-serve if unable to resolve quickly” - League Co-ordinator

WEATHER CONDITIONS

Devil's Den Beach Volleyball Centre **will not** cancel any beach volleyball league games throughout the season due to inclement weather conditions prior to any game start time. In the event of severe weather conditions the league co-ordinator has the authority to immediately stop play and have all players off the sand area until s/he feels it is safe to resume play. If the weather remains severe enough that play will not resume, team captains are responsibly for recording all scores of played games and returning it to the league co-ordinator. The league co-ordinator will attempt to reschedule or catch up on games that are cancelled due to inclement weather, but do not make any guarantees. Matches will **NOT** be stopped or cancelled due to rain, unless there is lightning.

LEAGUE CO-ORDINATORS

The Devil's Den League Co-ordinators are responsible for overseeing all league games, as well as providing information and clarity on any rules or formats. The co-ordinator has authority to ask any individual and/or team to leave the court area or facility if they deem any form of inappropriate behaviour is detrimental the either the facility or its customers. Any abuse, be it verbal or physical, towards the co-ordinator, facility employees or other customers may

result in immediate removal of the team or individual from the league with no refund or compensation.

BALL DEPOSITS

Each team may receive 1 ball at the beginning of night. Picture I.D. is required as deposit. All balls are numbered. The ball number which is given at the start of the night is the same ball number that must be returned at the end of the night's play. Strictly NO substitute balls. Failure to return a ball at the end of the night will incur a fair and reasonable charge for the replacement of the ball.

PART 3 – League Format

LEAGUE FORMAT

Each League will have a maximum of 26 teams but may be increased at the discretion of the League Coordinator. On league nights where there are two different leagues running (ie. Int. 4's & Rec. 6's) the courts will be split up depending on which league has an increased level of registrations. ***For example, our Intermediate Mixed 4's might have 16 teams using 8 courts, therefore, our Recreational Mixed 6's will have a maximum of 8 teams on 4 courts.*** These specifics will be totally dependant on the level of registrations in each league.

- Each team will play a maximum of 3 matches against 3 different teams a night. Playoffs may vary.
- Each match will run for between 30-40 minutes depending on the time of the year.
- Each match will consist of up to 3 sets - up to a score of 21 (win by 2) or upon the whistle blowing to end the match. If the scores are tied at the whistle, play 1 last point to decide the winner.
- All sets are rally point and the 1st team to 21 (win by 2) is declared the winner. If the gets to 25-25 without any team leading by 2 points, one last point is played to declare the winner.
- Once the whistle blows to end a match, all teams are given 5 minutes to move to their next court before the whistle

sounds to start the next match.

- Once a whistle has sounded to start a match, an absent team has 5 minutes to arrive on court before defaulting the 1st set and 10 minutes to arrive before defaulting the 2nd set.
- Team Captains are responsible for **CORRECT** recording of scores on the clipboards provided. Once the clipboards are returned from the courts to the League Co-ordinator at the end of the night – all recorded scores are final.
- Teams will receive points as follows:
 - Win = 2 points per set won
 - Lose = 0 points per set lostThere are no ties possible in any sets, therefore, if 2 sets are played and each team wins a set, each team will be awarded 2 points for that match.

LEAGUE STANDINGS

The results from each weeks play will be compiled and will be displayed in the standings. The standings will be recorded so that rankings can be established for the playoffs.

The following is the format used in establishing the rankings and break ties throughout the regular season play:

- 1) Highest Win/Loss Ratio (not most wins)
- 2) Highest Point Percentage (%)
- 3) Most Points For

LEAGUE DIVISIONS

- ◆ All teams will be competing in the same division for the duration of the regular season.
- ◆ The top 24 teams in all leagues will only qualify for playoffs. Therefore, in leagues with more than 24 teams, ie: the maximum 26 teams, the two last placed teams after the regular season will not qualify for playoffs.
- ◆ In the Playoffs, all teams will be broken into two Divisions. Division One will comprise of the top pre-determined number of teams following the completion of the regular season and Division Two will be the remaining teams who finished ranked in the lower portion of the standings.
- ◆ In the event of an odd number of teams (ie. 21, 23 or 25) the extra team will be placed into division 2.
- ◆ All league schedules are randomly selected and have nothing to do with a teams position in the standings.

PLAYOFF FORMAT

The top 24 teams in all leagues will only qualify for playoffs. Therefore, in leagues with more than 24 teams, ie: the maximum 26 teams, the two last placed

teams after the regular season will not qualify for playoffs.

In the Playoffs, all teams will be broken into two Divisions. Division One will comprise of the top pre-determined number of teams following the completion of the regular season and Division Two will be the remaining teams who finished ranked in the lower portion of the standings. In the event of an odd number of teams (ie. 21, 23 or 25) the extra team will be placed into division 2.

Results throughout the regular season will determine the division each team competes and also their ranking within that division. All playoffs are structured with the higher ranking team having a greater advantage (ie. Rank 1 v Rank 12, Rank 2 v Rank 11 etc. etc.). Not all playoff rounds are single-elimination, rather the best and most efficient way to complete the playoff rounds within a one or two-week period.
